

SPRING

27th May 2022

Nurturing each and all. Guiding, Trusting, Inspiring and Celebrating.

Dear Families,

What a fantastic end to the term we have had! Sports and Health Week has been a resounding success and we have all had great fun, despite the weather. We have tried some new sports and activities, learned new skills and participated with great enthusiasm. Across the week, we have skipped, maypole danced, tried our hand at circus skills, table tennis, Zumba, along with yoga, giant frisbee, dance and parachute games. We will be finishing the term off with our Jubilee celebrations – which at the time of writing – look to be going ahead outside as planned.

The term has been short in length, but we have managed to squeeze an enormous amount in, with trips to the Earth Trust, Cogges Farm, Woodstock Museum, Year 4 Languages Day at Burford School and Lovell have had weekly swimming lessons. It is lovely to hear, when classes return from visits, how well everyone has behaved, their great attitude and listening skills and we are so proud to receive these lovely compliments from people outside of our community.

PLATINUM JUBILEE CELEBRATIONS

Portraits and poem entries for the Jubilee competition have been submitted and will be on display at Wash Meadow on Sunday 5th June. Prizes will be presented on the day, along with commemorative mugs. If you are unable to attend and cannot collect your prize, then we will give them out at school.

PARENT WORKING GROUP

Moving forward, I am looking to form a parent group to discuss ways to further improve our provision in school. It is always beneficial to have a parent voice and, now that school is running pre-Covid again, I would like to invite you to be a part of this. If you are interested, please email the office.

I hope you all have a restful and enjoyable half term.

Best wishes.

Catherine Souche

Respect, Honesty, Friendship, Compassion, Thankfulness, Wisdom

On May 23rd, Lovell class found themselves doing circus tricks. A man named Doody came in to teach us. He showed us flower sticks and hand sticks. He taught us how to flip them in the air. He brought in a lot of different things to try. My favourite was the pogo stick. We all had an amazing time and I will always remember it. Ellie

A couple of days ago, St Kenelm's welcomed a guy called Doody. He taught us circus tricks as part of our Sports and Health Week. He taught us all sorts of things, like how to juggle with hand sticks. He also taught us how to spin a toothbrush on our finger! Natalia
