---

*“You live a new life for every language you speak. If you only know one language, you only live once.”*

Czech proverb

At St Kenelm's, we believe that the learning of a foreign language provides a valuable educational, social and cultural experience through which children develop communication and literacy skills.

We aim to inspire pupils to develop a love of languages and to expand their horizons to other countries, cultures and people. We intend to help children grow into curious, confident and reflective language learners and to provide them with a foundation that will equip them for further language studies.

We aim to expose children to authentic Spanish and offer regular opportunities to listen to native speakers.

The intent, in Lower Key Stage 2, is that children acquire basic skills and understanding in Spanish with a strong emphasis placed on developing their speaking and listening ability. These skills will be further developed in Upper Key Stage 2 alongside reading and writing.

At St Kenelm's, we offer a coherently planned sequence of lessons, ensuring progressive coverage of the skills required by the National Curriculum. Lessons are sequenced so that prior learning is considered and opportunities for revision of language and grammatical concepts are built into lessons. Our lessons and resources help children to build on prior knowledge alongside the introduction of new skills. The introduction and revision of key vocabulary and grammatical structures is built into each lesson. Opportunities are built in to enable children to repeat and revise their learning.

At St Kenelm's, Spanish is taught from years 3 to 6. Children are taught by a Foreign Language Assistant in conjunction with the class teacher.

We use a scheme but add to this using a range of resources and first-hand expertise from our Spanish Language Assistant.

A variety of techniques are used to encourage the children to engage with the language including games, role play and singing. In Lower Key Stage 2, children acquire basic skills and understanding in Spanish with a strong emphasis placed on developing their speaking and listening ability. These are further developed in Upper Key Stage 2 alongside reading and writing skills, gradually progressing to more complex language concepts and greater learner autonomy.

At St Kenelm's, we regard a modern foreign language as a valuable part of our curriculum. The impact of our MFL (Spanish) curriculum is that our children understand the relevance of what they are learning in languages and how it relates to everyday life and travel. They will be able to speak with increasing confidence, fluency and spontaneity and present ideas and information to a range of audiences, using taught grammar.

We will see the impact of the subject in different ways. Through pupil voice, children will be able to talk about the skills and knowledge they have acquired. Children will be engaged in lessons and want to participate further.

Participation in Spanish will develop well-being, self-confidence and their sense of achievement. Work will show that a range of units are being covered and cross-curricular links are made where possible.

We want to ensure that Spanish is enjoyed across Key Stage 2, encouraging pupils to want to continue building on their knowledge and furthering their skills now and in the future.
